RELATIONSHIP OF ECONOMIC PLANNING BUREAU
TO FINANCIAL AND ECONOMIC AGENCIES

The following regulations were passed by the Lu-shun-Ta-lien Administrative Office on 11 July 1949 and are designed to clarify relations between the Economic Planning Bureau and the various agencies concerned with economic, financial, and business matters:

The Economic Planning Bureau has been established to deal with problems arising from the expansion of financial and economic activities. The following measures have been decided upon to ensure speed in the bureau's undertakings and success in its control over financial and economic activities.

1. The production and operational plans of all agencies dealing with financial, economic, and public enterprise matters must be submitted to the Economic Planning Bureau for approval before being placed into effect. Progress reports must also be submitted to the bureau at period stipulated by the bureau.
2. Concerned agencies must give the bureau prior notification of important operational conferences and collective reports, so that it may be represented if it so desires.
3. All plans concerned with financial and economic policies or regulations must be submitted to the bureau for endorsement and must be approved by the Administrative Office before being put into effect.
4. All publications by concerned agencies must first be reviewed by the bureau.
5. To strengthen coordination, the planning sections of all concerned agencies must act in direct liaison with the Planning Department of the bureau.
6. Concerned agencies will aid the bureau in obtaining all materials necessary for its operations.
